CURRENT SITUATION

(Recent updates are posted at the top of Current Situation)

The City of Riverside Fire Department responded to a first alarm structure fire in the 4500 block of Nicole way. While in route, Battalion 1 saw smoke coming from the area. Battalion 1 responded an additional Engine Company and AMR unit. The first arriving engine company discovered smoke coming from an attached garage of a two story single family residence. Firefighters made an aggressive fire attack and contained the fire to the garage. The fire did not extend into the residence. One occupant was treated on scene and refused further treatment or transportation to the hospital. There were no firefighter injuries. The damage to the building was approximately \$50,000 with a save of \$300,000. The fire cause was determined to be accidental. The occupant had discarded coals in the trash the night before, the coals ignited the contents of the trash can which spread to the structure.
